The Plan Review

- The group read through most recent updated Comprehensive Plan and voiced errors and corrections.
- Fred Sinclair suggested e-mailing errors and corrections to Kier Dirlam after individually reading through plan in more detail. John Foels noted that it would be easier for Kier if corrections were emailed to Theresa Whitfield at Development Office, then edit and compile, group agreed.
- Chuck Jessup suggests maps being on one page.
- Binding of document was discussed and Fred Sinclair offered to test 3-ring binding in both landscape and portrait layout. Chuck Jessup suggested possibly a slip cover in the back of finished document with an attached CD.
- Curt Crandall noted that there should be some sort of focus on the website.
- Fred Sinclair presented inspirational section which group reviewed and agreed on adding.
- Chuck Jessup noted that the implementation section (p.76) should be softened, more specifically paragraph three.
- John Foels noted that he would meet with Kier Dirlam to smooth out maps, photos and charts.
- Group agreed that a timeline for the plan should be put in order. Possibly 30 days behind schedule. It was also noted that a cover letter should state how the Comprehensive Plan is a work in progress, timeline included, and it should be the first thing to be opened and reported.
- Dan Spitzer to find out SEQR - lead agency
- Possible draft for Legislature on March 24, 2008
